

Key Stage 1 Year 2 W/C 28.11.17

Homework books **must be in school on Monday** and it will be returned on Tuesday.

Reading

Please read aloud to an adult every day. Write a summary of what you have read or discuss the story with an adult. Please record in your reading record book the pages that you have read each day. **Remember to bring your book and reading record to school every day.** Please visit Nelson School Library or East Ham Library for your reading wristband books.

Maths

Please practise your **Maths facts: x5** ready for your **test on Friday**. This is about knowing all the multiplication facts in the **five times table**. It is important that children can also use words other than 'times', e.g. lots of, multiplied by, sets of... etc. For example, you could: Say: What is the number before 25 in the 5x table? Or what is the answer to 6x5? 7 multiplied by five equals, 10 lots of 5 is...

Comprehension – Honeybees Part one

What is a honey bee?

A honeybee is a kind of bee. Honeybees visit flowers to collect the nectar. They use the nectar to make honey (a sweet liquid). Many bees live together in one home, called a nest. The inside of the nest is made of honeycomb, which is waxy and full of holes called cells. Thousands of bees can live in one nest, and there is one queen bee in every nest. The queen lays all the eggs that will eventually grow into adult bees-she lays one egg in each cell of the nest and makes a special glue to stick the egg inside.

1a.

What do honeybees collect from flowers?

1b. What do they do with it?

2. What is honey? Write one.

Honey is:

Full of holes

A special glue

A sweet liquid

A kind of bee
