**Autumn**

by Aileen Fisher

The last of October

We lock the garden gate.

"The flowers alive all withered

That used to stand straight.

The last of October

We put the swings away

And the garden looks deserted

Where we like to play.

The last of October

The birds have all flown,

The garden chairs are in the loft,

The sand pile's all gone;

Everything is put away

Before it starts to snow---

I wonder if the ladybirds

Have any place to go.

Questions to answer in your yellow book.

(1) What are the two things the Author did at the end of October?

(2) Where did the Author like to play?

(3) What was important to get done before it starts to snow?

(4) What did the Author wonder about?  
about?
