

The Sherwood Bugle

HOOD GANG BEHIND GOLD THEFT ?

Brave soldiers are this morning scouring Sherwood Forest in search of a band of desperate thieves who carried out an outrageous daylight ambush and then vanished into dense woodland .

The heavily protected convoy, on its way to deliver gold and jewels to the castle of our much loved local leader, His Excellency the Sheriff of Nottingham, was intercepted at 6.35pm by a group of cowardly, armed criminals, who overpowered the guards before making off with everything.
