

Nelson Primary School
Inspiring Ambition, Achieving Success
Weekly Homework Tasks

Key Stage 2 Year 6 W/C 15.10.18

Homework books **must be in school on Monday** and will be returned on Tuesday.

Reading

Please read aloud to an adult every day. Please record in your reading record book the pages that you have read each day. **Remember to bring your book and reading record to school every day.** Please visit Nelson School Library or East Ham Library for your books.

Maths

Please practise your **times tables** ready for the times table test on **Monday**, and your **maths facts** ready for your test on **Friday**. This week the Friday test will still be on target 6.1 doubling any number with one decimal place e.g. double 5.4 is 10.8.

You could: ask which number did you double to get the answer 3.8? How do you know?

Each week from now on you will also be asked **to revise essential maths facts** and these will be tested in your maths classes in starters sometime in the week following the homework.

We may give you an activity or something to practise this knowledge.

Over half term we would like you to make sure you know the first 12 square numbers. A square number is the result of multiplying a number by itself. The first 12 square numbers are $1 \times 1 = 1$, $2 \times 2 = 4$, $4 \times 4 = 16$, $5 \times 5 = 25$ etc. **Learn and write these into your books.**

Spelling - your spelling words this week:

Group 1: interest island knowledge learn length library material medicine mention minute

Group 2: best cold duck how lived pulled stopped girl which even

1. You must **ensure you know the meaning of the word**. -use a dictionary to help you if you are unsure.

2. Write a sentence for each of the words. You must do one sentence for each word. We are expecting to see year 6 sentences using advanced punctuation which we have been learning in class. Make sure your sentences make sense and are properly punctuated.

3. Practise and study all of the spelling words ready for the Tuesday Spelling Test.

Comprehension

This week we are practising questions that are either fact or opinion, or true or false answers. We have discussed this in class and looked at different examples.

Read the text carefully and answer the questions. Make sure you refer to the text when answering each question.
