Maths

Please practise your **times tables** ready for the times table test on **Monday**, and your **maths facts** ready for your test on **Friday**. This week the Friday test will be on **recalling multiplication facts up to 12x12 and use to multiply pairs of multiples of 10 and 100**. This target is about using their knowledge of times tables up to 10x10 in order to multiply larger numbers, e.g. If you know that $5 \times 5 = 25$... then $5 \times 50 = 250$... and $50 \times 50 = 2500$. Comprehension.

For your half term homework you have a comprehension which will enable you to practise some of the different skills we have looked at this term. Make sure you read the text carefully and try underlining the evidence for your answer. This will take you longer than the weekly comprehensions- make sure you leave enough time to answer all the questions. Remember to bring your homework in on Monday 18th February.
