Please practise your **times tables** and your **maths facts** . You should now be revising all your maths facts – use your revision guides to help you with this.

Read the appropriate sections in your maths revision book, then work through the questions in your maths and SPAG books. The answers will be discussed in class so you need to remember to bring your maths books to your maths class

You should now have completed all the sections in your revision guides. You now need to be looking through these and making a note of anything that you don't understand so that you can check it with your teacher.
