Dear Parents/ Carers

I am writing this after watching the most wonderful performance of the Lion King. Our children are fantastic performers with a brilliant staff support team. I was so proud that this edition of the newsletter is a Lion King Special!

Pokemon Go

This is a new interactive game that has been introduced where by children search for Pokemon characters

The app will use mobile data which could easily run into hundreds of pounds if the allowance has been used so please make sure players are aware of this, if you are a parent giving your smartphone to your children, you might want to set a mobile data limit from 'Settings' within your phone

- There are chat features available - this is the same as speaking to strangers on laptops, phones and other devices so caution should be taken.
- Children can end up in unfamiliar locations as they are searching for Pokemons, so please make sure they are aware of this.

This means that the mum will be fined £60 for each child and the dad will be fined £60 for each child.

The show wouldn't have happened without the vision and direction of Miss Cull and I would like to pay particular tribute to her for this. I have had many lovely comments from the audience, some of whom are professional musicians, who were amazed by the quality and standards of the children's performances.
