Website: type *Top Marks Reading Scales* into Google and choose reading scales to practise.

If I start at 0 and finish on 100, what intervals am I counting in? How is this similar/different to the previous number line?

There are ..... intervals of .....

so ..... x ..... = 100

If there were 10 ones in 10 before, and now we have 10 lots of 10, do we have 100 ones?
