

Year 6 Termly Newsletter

English:

During the Autumn term we will be reading the following books:

FaRther

Holes

We will be completing a range of different writing outcomes based on these books.

We will also be studying speech making.

Welcome to Year 6!

Maths:

During the Autumn term we will be learning about place value, rounding, addition and subtraction.

In Year 6 children need to know all their timetables and related division facts. This is something you can help with at home. Children can practise these on Times Tables Rockstars.

How You Can Support at Home:

- Read with your child everyday
- Practise timetables with your child.

We have been exploring what makes an effective learner and so you could ask your child the following questions:

- What did you learn today at school?
- Tell me about a strategy you used to help you with your learning.
- What challenged you the most today?

Other Curriculum Areas

Science

Our science learning challenge questions are:

What would a journey through your body be like? (Circulatory system)

Have we always looked like this? (Evolution and inheritance)

History

Our History learning challenge question is: Were the Vikings always victorious and vicious?

Mandarin

A visiting teacher will be teaching fortnightly Mandarin lessons.

For further information, please see the curriculum maps available on our website.
