

Newsletter

Week ending 28th April 2023

Dear Parents and Carers,

The children have been working very hard this week. Lots of them are preparing for national tests. If you wish to support them in this please do try some of our online packages. For example, timetable rocks stars or spelling shed.

We are worried that some children are not coming to school every day and their learning is being affected. Please remember that if the school is open they should be in. This is particularly important when the school is already disrupted by industrial action and extra bank holidays.

We are all looking forward to the coronation of the King. We will be celebrating this at the end of May so the children can concentrate on preparing for their tests. Newham council are running a competition to design a crown for the King. Please follow this link to enter- let's hope a Nelson Child is the winner.

I hope you have a lovely bank holiday weekend.

Kind regards,

Fiona Cullen

ATTENDANCE MATTERS

WHAT DO YOUR
ATTENDANCE
FIGURES
ACTUALLY MEAN?

Year 1 Visit Space

In history this term, year 1 have been learning all about the first man to walk on the moon. With help from their families, the children have created some amazing space rockets to fly to the moon with! The children met together as a year group to watch the moon-landing film and view each others' rockets. The children in year 1 then visited the science museum in South Kensington to find out even more about space. Thank you to all of the parents that supported this visit.

Debate competition

On Tuesday 26th of April, part of the Nelson debate team travelled to Elmhurst Primary for round 2 of their tournament. The competition was very strong and they won one match out of the four that they participated in. The children enjoyed their time and learned so much from watching and competing against others. They were very excited about the points they accumulated because that's more important than the number of matches won. They received excellent feedback from the debate mentor.

Dance workshop

Reception are learning about carnivals around the world as part of their topic, 'How do people around the world celebrate?' This week they took part in a dance workshop where they learned how to do a samba dance. It was so much fun! They will use some of the moves in making their own dance for the Reception Carnival!
